Company portfolio in PDF format for download and Footer. In this form, the client can send us information about the projects with default options so that we can give him a price according to the customer's needs.

Before uploading the images to the hosting, all of them were reduced in size, then added to the hosting, and the Alternative Text, Title, and Description were filled with the original file name. Example.

The screenshot shows a WordPress media editor interface. On the left, there are labels for 'Alternative Text', 'Title', 'Caption', 'Description', and 'File URL:'. On the right, there are corresponding text input fields. The 'Alternative Text' field contains 'High End Interior Decoration LLC - Logo' and has a small icon to its right. Below this field is a link that says 'Learn how to describe the purpose of the image.' followed by the text 'Leave empty if the image is purely decorative.' The 'Title' field also contains 'High End Interior Decoration LLC - Logo'. The 'Caption' field is empty. The 'Description' field contains 'High End Interior Decoration LLC - Logo'. The 'File URL:' field contains 'http://highendinterior.ae/wp-content/uploads/2024/0:'. Each text field has a small icon to its right.

Alternative Text	High End Interior Decoration LLC - Logo
	Learn how to describe the purpose of the image. Leave empty if the image is purely decorative.
Title	High End Interior Decoration LLC - Logo
Caption	
Description	High End Interior Decoration LLC - Logo
File URL:	http://highendinterior.ae/wp-content/uploads/2024/0:

On all the listed pages, an h1 tag and other tags have been added to <h2>, <h3>, <h4>.

In most of the links and pictures, title, alt Attribute and their values have been added.

All those needs were completed by PageSpeed Insights to improve the site on Accessibility, Best Practices and SEO to get better results. None of the Caching Plugins have been used in this case yet. Photo from PageSpeed Insights for Mobile
